

Callum Carter

Racing With Callum 2009

Top Four, For Callumit was perfect conditions at the oxford track and Callum was ready for the last round of the British championship, Callum trailing in 6th place with a string of season crashes and sickness hampering his success it was time to try to redeem something for the season. Callum failed to qualify with a sick bike this time! A freak piston failer so it was back to the truck of Ed davies racing for a quick piston change! First race up back of the grid of he went with a blinding start & managed a comfortable 4th overall. Second race well the bad luck struck again as Callum had a good start but hit Rees brown in the back end causing Callum to be last away from the carnage. With good luck again Callum scored a 5th place totaling 4th overall

Hare,!..... We Go Again at the hare & hound races at Castell Howell Wales , Callum took another positive victory in his class and a fine second overall behind James Bevan on his 200cc blaster! The weather was fantastic & the venue was perfect.

The Cobra Quad and Fox Gear all working 100% . Callum is still awaiting his new quad From the factory & is hoping to stay With Fox for 2010. Callum season is over Now & it was a hard season jumping from an automatic bike to a manual but Callum Is hoping he has mastered it for 2010 and the Biggest hurdle is over he just needs to train

Over the winter & bag some wins in 2010, a BIG thank you To,Cobra,Ed Davies, Fox Europe, Solid Designs & Princess gate water for their support and contributions in 2009 Thanks *Callum*
